## CHECKLIST

# Before you begin

Two quick things to have ready. The rest of this guide walks you through each step.

1

### Your login details

Have your Ramudden Global username and password ready — they were sent to you by Ashley via Teams.

2

### The Authenticator app

Install the app Microsoft Authenticator on your smartphone. We'll show you how on the next slides.

PART 1

# First step

# Action Required – Migrate your Windows device

This step is mandatory before you can use your device.

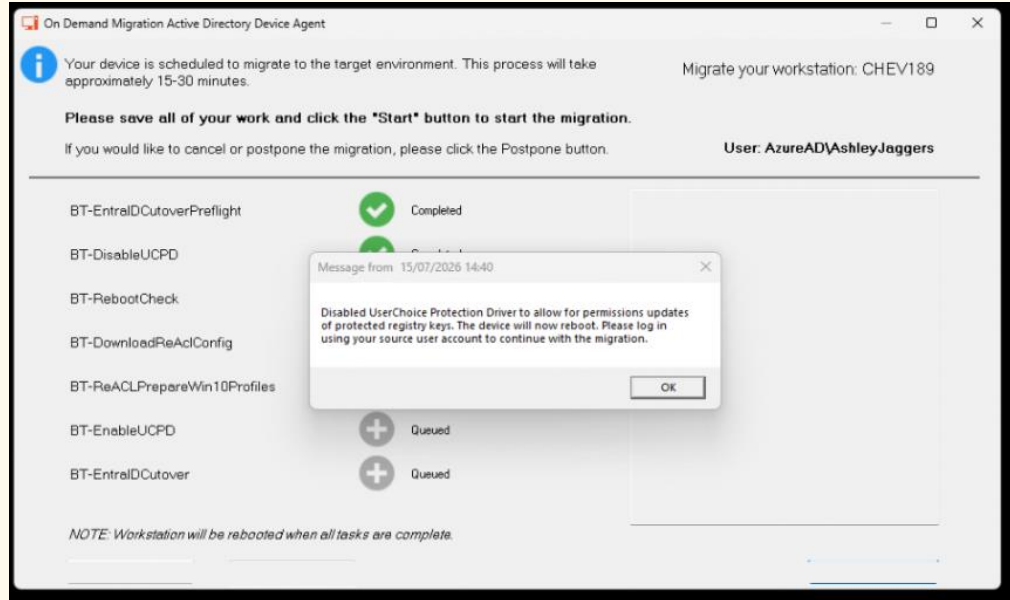

Your account and mailbox have been migrated to Ramudden Global, **but your laptop still needs to be updated.**

1. Login to your device with your **old Consilium password** as normal
2. Wait for the below application to launch automatically within 5 minutes (If it doesn't, please reach out to **Infuse** support)
3. Press **Start** and follow the on-screen instructions:

# Action Required – Migrate your Windows device

4. Mid-way through, reboot again (at the BT-DisableUCPD stage) and login with your old Consilium password as normal.

5. The app will launch again. Finish all the steps – then **manually restart** the laptop (*please ignore: "NOTE: Workstation will be rebooted....." message*)

⚠ **After the reboot, sign in with your new Consilium password**

For comprehensive guide with more details, please see the "Migration documentation" folder on your desktop: **2. Quest On Demand Active Directory Device Agent Guide.pdf**

# Action Required – Microsoft 365 Migration

## Migration Desktop Agent

Your account and mailbox have been migrated to Ramudden Global, **but your laptop and Microsoft 365 apps still need to be updated.**

All users **must run the *Quest On Demand Migration Desktop Update Agent*.**

This ensures:

- Outlook, Teams, and OneDrive work correctly
- Microsoft 365 licensing is refreshed

Going through the user guide attached in the information email is mandatory before starting.

**Attachment name:** (For comprehensive guide with more details, please see the "Migration documentation" folder on your desktop)

 Takes 5–10 minutes

 If this step is not completed, Outlook, Teams, OneDrive, and Office may not function correctly after go-live.

## PART 2

# Set up your account

Install Microsoft Authenticator, then sign in and secure your account — about 5 minutes.

GET THE APP

# Install Microsoft Authenticator mobile app

# The new Intranet

[https://ramuddenglobal.sharepoint.com/sites/rugl\\_intranet](https://ramuddenglobal.sharepoint.com/sites/rugl_intranet)

The screenshot displays the SharePoint Intranet for Ramudden Global. The top navigation bar includes the company logo, a search bar, and links to 'Who we are', 'Global resources', 'Our intranets', and 'Edit navigation'. The main content area is titled 'Ramudden Global' and features a 'Home' tab. Below the header, there are sections for 'News', 'Our mission', 'Our strategy', and 'Local intranets'. The 'News' section lists several articles, including 'Ramudden Global Wellness Challenge' and 'Phishing Reporting and Simulation, Now We're Raising the Bar!'. The 'Our mission' section states 'To get people home safely every day.' The 'Our strategy' section features a diagram with three pillars: 'Urban solutions', 'Highway solutions', and 'Traffic services'. The 'Local intranets' section lists various regional sites like AVS, Consilium, Denmark, Estonia, Finland, Highway Care, Netherlands, and Norway. The left sidebar contains links for 'Discover', 'Publish', 'Build', and 'OneDrive'.
